Capture The Essence of Gruppo Nueva

With unwavering dedication, we relentlessly pursue extraordinary milestones in the realm of GVT / PGVT, steadfast in our commitment to crafting top-tier tiles and expansive tiles. For us, excellence is the culmination of passion and expertise—passion and experience intertwined with the mastery of creativity, design, technology, and process management

Refusing to settle for the ordinary, we adopt a consultative approach, tirelessly seeking advanced solutions to meet the demands of our discerning clients. Drawing inspiration from the boundless beauty of nature and the artistic possibilities of man-made materials, our Italian R&D and design team transform these elements into stunning, textural, colorful, and versatile mediums. This fusion gives rise to unparalleled sintered solutions that are truly unique.

Our standards soar to the highest echelons, yet we embrace evolution and welcome novel ideas. Italian creativity courses through our veins, shaping Nexion products with qualities defined by superior craftsmanship, elevated standards, and cutting-edge design. The genius minds of our Italian R&D and design team breathe life into materials
